

We're scrubbing the atmosphere with **Mg**

The main ingredient in **air krete**[®] is Magnesium Oxide (MgO).

Recent studies have proven that MgO absorbs Carbon Dioxide (CO₂) from the atmosphere.

Reducing the global warming effect by scrubbing CO₂ from the atmosphere, making **air krete**[®] an even more environmentally friendly product.

It pays to invest in

 **air krete**[®]
GREENsulation

- Fire Proof • Non Allergenic
- Great R Value • Mold & Pest Resistant

 **air krete** Licensed Manufacturer
